Building Strong Communities through Faith and Innovations

Dear Victory Africa Ministries Partners and Friends,

At Victory Africa Ministries, we are called to encourage the flourishing of marginalized people, especially vulnerable children, by creating opportunities for them to grow, learn, and discover their God-given potential.

We are committed to this mission, and because of your faithful giving, we continue moving forward with hope and purpose. As I reflect on the journey we are walking together,

my heart is filled with sincere gratitude for your generosity and commitment toward the education of our children. Your support is more than a contribution—it is an investment in lives, families, and the future of our communities. Because of you, children who may have faced barriers to education are receiving opportunities to learn, develop their gifts, and build a foundation for a brighter future. You are helping transform not only individual lives but also families and communities.

You are an important part of the vision of Victory Africa Ministries. Together, we are bridging the gap between a child's potential and the opportunities they need to flourish. Through education, faith, mentorship, and love, we are raising a generation of responsible leaders who will serve God and make a positive difference in their communities. Thank you for standing with us, believing in this vision, and partnering with us in this life-changing mission. Your generosity is a powerful expression of love, compassion, and commitment to human flourishing.

Advancing human flourishing through faith, education, servant leadership, and community development.

Victory Child Sponsorship Transformation Story

Aryatuha Brave: From the Streets to a Future Filled with Hope. When Aryatuha Brave lost both of his parents at a young age, his childhood changed forever. Born in August 2005 as the second of four children, Brave suddenly found himself without the love, protection, and security that every child deserves. With no one able to care for him, he ended up living on the streets, where each day became a struggle to find food, shelter, and safety.

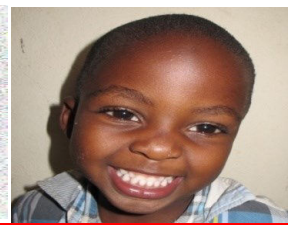

For a young boy, life on the streets was filled with uncertainty, loneliness, and fear. Yet despite these difficult circumstances, Brave never lost the determination to survive. Unknown to him, God had a different plan for his life.

That plan began to unfold when the street ministry of Victory Africa Ministries encountered him. Rather than seeing another homeless child, the ministry saw a precious life created by God with purpose and tremendous potential. Brave was welcomed into Victory Child Sponsorship, where a compassionate sponsor gave him the opportunity to begin again.

For the first time in years, Brave experienced the security of a caring home environment. He received nutritious meals, clothing, healthcare, spiritual guidance, and, most importantly, the opportunity to go to school. More than meeting his physical needs, Victory Child Sponsorship restored his dignity, renewed his confidence, and gave him hope for a brighter future.

Brave enrolled at Akanyijuka Primary School, where he embraced education with remarkable determination. Although he had missed valuable years of schooling, he worked diligently and successfully completed his Primary Leaving Examinations. His commitment demonstrated that, when given the opportunity, children can overcome even the most difficult beginnings.

In 2023, Brave joined Excel High School in Kabale Municipality, where he is now a Senior Four student. His teachers describe him as disciplined, respectful, hardworking, and eager to learn. He dreams of becoming a teacher so he can help vulnerable children discover the same hope that transformed his own life. Having experienced hardship himself, he wants to become someone who encourages and equips others to succeed.

Building Strong Communities through Faith and Innovations

Beyond academics, Brave has flourished in many areas of life. He enjoys football and golf, activities that have strengthened his confidence, discipline, leadership, and teamwork. Through sports, he has discovered talents that continue to shape his character while building friendships and healthy self-esteem.

His spiritual journey has also been transformed. Through Bible study, prayer, discipleship, and Christian fellowship, Brave has developed a growing relationship with Jesus Christ. His faith has given him strength to forgive the pain of his past, face the future with courage, and believe that God has a purpose for his life.

Another beautiful chapter of his story has been the restoration of family relationships. During school holidays, Brave now spends time with his uncle, rebuilding connections that were once broken. This renewed relationship has given him a deeper sense of belonging and emotional stability as he continues to mature.

Looking back, Brave remembers the nights he slept on the streets and the uncertainty that defined his childhood. Today, those painful memories stand in sharp contrast to the life he now lives—a life marked by education, hope, faith, friendship, and opportunity. His transformation is a powerful testimony that no child is beyond hope when surrounded by God's love and the compassion of caring people.

Brave is deeply grateful to his sponsor and to everyone who supports **Victory Child Sponsorship**. He understands that his life changed because someone chose to invest in a child they had never met. That investment has provided much more than an education. It has restored dignity, strengthened faith, nurtured talent, and opened the door to a future that once seemed impossible.

Today, Brave is preparing not only for examinations but also for a life of service. He is determined to complete his education, pursue teacher training, and dedicate his life to helping vulnerable children discover their God-given potential. His dream is to become the kind of mentor he once needed himself.

Brave's story reminds us that every sponsored child represents a life waiting to be transformed. Behind every school uniform, textbook, meal, medical visit, and prayer is a child whose future is being rewritten. Compassionate sponsorship does not simply change one life—it strengthens families, transforms communities, and raises future leaders.

Thank you for partnering with Victory Child Sponsorship. Your generosity is transforming lives, restoring hope, and helping children discover the future God has prepared for them. Because you chose to care, Aryatuha Brave's story changed forever. Many more children are waiting for that same opportunity. May God richly bless you for making a lasting difference in their lives.

Academic Performance: Academically, the children have continued to make commendable progress. Those who sat for their Primary Leaving

Examinations (PLE) performed very well, with seven achieving first grade and others attaining second grade. They have since successfully transitioned into secondary school. Similarly, students who completed the Uganda Certificate of Education (UCE) at Ordinary Level have advanced to the next stage of their education. Some have joined Advanced Level studies, while two have enrolled in health institutions to pursue laboratory training, demonstrating a growing interest in professional and vocational careers.

Currently, the ministry supports a total of 79 sponsored children. Of these, 41 are in primary school, 26 are in secondary school, 7 are in tertiary institutions, and 5 are at university level. Within the primary section, the children are distributed across all classes, from kindergarten through Primary Seven. In secondary school, students are enrolled across Senior One to Senior Six, reflecting a steady progression through the education system. At the tertiary level, students are at different stages of their diploma programs, including clinical nursing and related disciplines, while university students are progressing through their second and third years of study.

Building Strong Communities through Faith and Innovations

Overall progress of the children remains encouraging. They are not only advancing academically but are also growing in all dimensions of life. The combined efforts of the ministry, schools, caregivers, and the wider community continue to create an environment where the children can thrive. This holistic approach ensures that each child is given the opportunity to flourish, develop their potential, and build a strong foundation for the future.

Physical Competencies: Children are learning healthy habits, confidence, teamwork, discipline, and participation in activities that strengthen their physical well-being. John never imagined that he could play golf. Through exposure, encouragement, and mentorship, he discovered a new ability within himself. Golf has helped him develop patience, focus, discipline, and confidence.

Spiritual Competencies: Children are growing in faith, character, kindness, integrity, and understanding of God's love and purpose for their lives. They are learning that true success is not only about what they achieve, but also about who they become and how they serve others.

Social Competencies: Children are learning communication, teamwork, friendship, respect, and how to build healthy relationships. Ann shares that there was a time when she did not appreciate herself and struggled to see her own value. Through mentorship, encouragement, and supportive relationships, she has learned to understand and appreciate who she is. Today, Ann is growing in confidence and has become very good at building relationships with her peers. She is discovering that she is valuable and has a meaningful contribution to make.

Emotional Competencies: Through mentorship and care, children are developing confidence, resilience, self-awareness, and the

ability to face challenges with hope. Many children are learning that their circumstances do not define their future.

Environmental Competencies: Children are learning responsibility and stewardship by caring for their surroundings and understanding the importance of protecting God's creation. Grace has

learned that caring for the environment is part of caring for the community. She is developing habits of cleanliness, responsibility, and respect for nature.

Improving the Financial Competencies of Women: A Story of Transformation and Sustainable Change

Since April, Victory Africa Ministries has continued its commitment to empowering women through the Victory Small Agri-Based Business program. During this period, one training session was conducted, and five women successfully completed the program. Though small in number, the impact is meaningful, as each woman represents a household strengthened and a future improved.

Among the participants is Ann, whose journey reflects the transformation this program seeks to achieve.

Anna is a hardworking mother from Kirigime Ward. Like many women in her community, she works tirelessly to

care for her family and earn an income. However, financial stability remained a challenge due to irregular income, limited savings, and lack of financial management skills. Her life was focused on meeting immediate needs rather than planning for the future.

This began to change when she joined the training. Anna gained practical skills in budgeting, record-keeping, saving, and reinvesting. She applied these lessons to her small selling fruits business, which she had started the previous year. With better planning and discipline, her business became more structured and productive.

As a result, Anna now earns a small stable income. She is better able to support her children's education and meet household needs with greater confidence. Beyond financial improvement, she has grown in confidence and now encourages other women in her community.

Anna's story highlights the impact of equipping women with practical skills and knowledge. Through this program, women are building sustainable livelihoods and creating positive change in their families and communities. Victory Africa Ministries remains grateful for the continued support that makes this work possible.

Thank you so so much for Supporting Victory Africa Ministries
